

**CIRCULAR LETTER NO. 995**

October 6, 2017

**TO:** Printing and Publishing Officials of the Federal Government

**SUBJECT:** GPO New York Regional Printing Procurement Office to be Temporarily Closed

Effective Wednesday, October 18, 2017, the GPO New York Regional Printing Procurement Office will be temporarily closed. The Printing Specialist, Philip Paolino, is retiring after many years of dedicated Federal service. GPO is committed to continuing to provide the same timely procurement consulting and support services for all of your printing and publishing support needs.

We ask current New York users to immediately begin submitting any new Standard Form-1's to our Philadelphia, PA Regional Office. Your new Contract Administrator for any existing Term Contracts or one time procurements will be contacting you directly.

The Philadelphia personnel are prepared to provide you with a level of service commensurate with that of the New York office. However, you may also choose to work with any GPO office that provides the service level that you believe is most suitable for your needs.

The contact information for the Philadelphia office is as follows:

**Philadelphia Regional Office**
